# Who are we looking for?

Teams / companies with a business idea that combines:

**Technology** & **Innovation** & **Space Connection**

Idea based on technology

New technology or new application  
area (technology transfer)

The use of space technologies is key  
to the service product

**DOWNSTREAM** – Your idea is about utilising space systems or exploiting space technology in a non-space domain, in one of the following areas:

- Applications
- Satellite Navigation
- Earth Observation
- Satellite Communication
- Technology Transfer
- Hardware
- Software or Firmware
- Knowledge, processes
- Intellectual Property Rights (IPR)

**UPSTREAM** – Your idea is about exploiting new technology in the space domain, or you intend to be active as a supplier to the space sector, in one of the following areas (including systems, sub-systems, components, and services):

- Launchers
- Satellites
- Ground systems
- Human spaceflight
- Other

## NCBJ partnership update

February 27, 2024 / in [Uncategorized](#)

Our AstroTeq.ai team recently visited NCBJ in Świerk, thanks to the collaboration facilitated by ESA BIC Poland. Dr. Marcin Bielewicz arranged and coordinated meeting where we delved into the possibilities within our partnership. During our visit, we explored NCBJ's laboratories, gaining invaluable insights into the array of tests we can [...]
